

BUENA VISTA PRIMARY CARE QUICK FACTS

Project Scope

Size: 3,000 square feet
Completion: First Quarter, 2021

Planned Features:

The Buena Vista Primary Care practice will feature six exam rooms for two providers—a physician and an advance practice provider. The front of the building will remain a store front and an additional entrance with canopy will be added to the parking lot side of the building. There will be a separate staff entrance.

Project Team

Architects:	FPW Architects, Charlottesville, VA
Project Management:	Augusta Health
General Contractor:	Hamilton Contracting, Buena Vista, VA
Site Engineering	
Consultant:	Balzer & Associates

Information
