These amendments include federal ARPA funding, additional state grants, and additional general fund appropriations utilized during FY 2023.

ADG #5: RECOGNITION/COMMUNICATION FROM VISITORS

Citizens who desire to speak to council will be recognized at this time. Please limit your statement to three (3) minutes.

Mr. Calvin Smith, 171 E. 31st Street, stated that his wife had reached out to Tom Roberts to obtain the deeds of plats for the land that is for sale on 31st Street around his property. He said that Mr. Roberts provided them with an aerial survey but told them that it wasn't exact or up to date, but this was the

only thing we had for that property. Mr. Smith said that there was a surveyor there recently, but he disagrees with where he said the boundaries are. He then asked how anyone is supposed to know what they actually own if nothing is exact. Mr. Kearney explained that it is not up to the City to have a survey done on every property that is sold, that is the responsibility of the buyer or property owner.

Mr. Ronald Cash, 253 E. 32nd Street, brought up some further concerns regarding the Poplar Avenue abandonment. He stated that he looked at the area and opined that there are some significant issues. He suggested that the City should look at the area and study the drainage. He noted that the bottom of the culvert is rusted out and will collapse soon. Mr. Cash stated that whatever the City decides to do is going to affect the citizens down the hill from the new development, so we should proceed with caution.

ADG #7: CONSIDER APPOINTMENTS TO BOARDS, COMMISSIONS, AND COMMITTEES:

NONE.

OLD BUSINESS:

NONE.

NEW BUSINESS:

NB #1: MR. BRYSON ADAMS TO PRESENT RARO DIRECTOR'S REPORT

Mr. Adams was unable to attend the meeting.

NB #2: ROCKBRIDGE AREA COMMUNITY SERVICES EXECUTIVE DIRECTOR, KIM SHAW, TO PRESENT RACS REPORT

Ms. Shaw noted that RACS is devoted to assisting those with substance use and/or behavioral and mental health issues. There are 40 CSBs across Virginia and the RACS was established in 1982. She stated that they are a “public safety net” as they cannot turn anyone away. Ms. Shaw noted some of their recent accomplishments: they celebrated their 40th Anniversary; they are serving over 1900 clients, 380 of whom are Buena Vista residents; they updated their logo and mission statement; their workforce has returned to pre-pandemic levels; they are operating a peer support program with Hugh Ferguson and Brittney Whitesell serving as Peers. She also said that their CIT assessment site was moved to Greenhouse Road from the hospital basement. This program is designed as a jail diversion. RACS collaborates with local hospitals, law enforcement, and emergency medical services. They are also working on the Zero Suicide framework where all staff are trained in what to do. Ms. Shaw also noted the 988 National Crisis Line which is a 24-hour service.

NB #3: MR. TOM ROBERTS TO PRESENT DRAFT TEXT FOR ON-STREET PARKING REGULATIONS

Mr. Roberts stated that they had made some updates since the last meeting. They reconstructed it to flow more clearly. They defined “passenger vehicle” more clearly and included the exceptions as discussed at the last meeting. They defined “street” more clearly and included all City rights-of-way. They also discussed the matter of time limits for construction dumpsters and suggested that this could be worked in with the building permit process. He noted that trailers with mowers, etc. will NOT be allowed under the new provisions. He also stated that this will be a slow implementation and we will get the word out to the public through all possible means, and we will have a public hearing on the matter prior to implementation.

NB #4: DISCUSS CITY CODE UPDATE TO BUILDING CODE REFERENCES

Mr. Roberts stated that this is just some minor clean-up and update to terminology. He noted that this will also “future-proof” us. We currently reference the International Property Maintenance Code but should change that to the Virginia Maintenance Code to match state law language. He stated that these are updated every three years, so if we remove the VMC publication date, we will not have to update our code each time the VA Board of Housing adopts a newer iteration. This update would allow us to automatically adopt the State Code updates every three years, which will also protect the City from appeals.
